In accordance with 37 C.F.R. 1.56, applicant wishes to call the attention of the Examiner to the following reference A) which was cited in a German Office Action issued by the German Patent Office and reference B) which is cited in the instant specification. Applicant does not admit that any of the cited documents constitutes prior art against the pending application.

	Country:	Patent or Appl. No:	Patentee or Applicant:	Issue or Filing Date:
A)	Germany	DE 36 30 416 A1	Toshiba Kikai	03-19-1987
B)	Japan	JP 08025415 A	Three Bond Co.	01-30-1996

Copies of these references are submitted herewith along with form PTO-1449. The Examiner is requested to initial the attached form PTO-1449 and to return a copy of the initialed document to the undersigned as an indication that the attached references have been considered and made of record.

This Information Disclosure Statement is filed within three months of the filing date of a national application other than a continued prosecution application under 1.53(d), so that no fee under 37 C.F.R. §1.97 is due.

This Information Disclosure Statement is filed within three months of the date of entry of the national stage as set forth in 1.491 in an international application, so that no fee under 37 C.F.R. §1.97 is due.

This Information Disclosure Statement is filed before the mailing of a first Office Action on the merits, so that no fee under 37 C.F.R. §1.97 is due.

This Information Disclosure Statement is filed before the mailing of a first Office Action after the filing of a request for continued examination under §1.114, so that no fee under 37 C.F.R. §1.97 is due.

This Information Disclosure Statement is filed after the issuance of a first office but before issuance of a final action under §1.113, or a notice of allowance under §1.311.

This Information Disclosure Statement is submitted after the mailing of a final action or a notice of allowance, but before payment of the issue fee.

The undersigned submits the following statement requesting consideration of this statement:

The undersigned hereby states:

That each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement;

That no item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the statement after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in §1.56(c) more than three months prior to the filing of the information disclosure statement.

The Commissioner is hereby authorized to charge any fees which may be required, or credit any overpayment to Deposit Account No. 06-0502.

In addition, applicant notes with respect to any information that is not in English language as follows:

Reference A) describes an injection molding machine having a nozzle touch plate which is slideable on a surface of a stationary plate opposite to the surface to which a metal mold is secured. The nozzle touch plate is brought to a position for preventing advancement of an injection nozzle into contact with the metal mold. In this position, the injection nozzle is brought into contact with the nozzle touch plate so that resin remaining in the injection cylinder is purged against the plate at the time of changing the type or color of the resin whereby the resin is prevented from being injected into the metal mold. After purging the nozzle touch plate is retracted to permit injection molding of new resin.

The above-identified application discloses and claims an invention patentable over this prior art.

Entry of the references above set forth into the file of the above application is believed to be in order and is respectfully requested.

Respectfully submitted
